Sorry to be so tardy with this. We didn't do much in 2012, having done most everything there the year before.

King County Source Control Report				
25.0 RM 2.2-3.4 West (Riverside Drive)				
25.1 Business Inspections				
King County did not conduct any business inspections in this area during this reporting period				
26.0 RM 3.8-4.2 West (Sea King Industrial Park)				
26.1 Business Inspections				
King County conducted 3 business inspections during this reporting period.				
File #	Business Name	Address	Insp #	Parcel #
2011-0641	Woolridge Boats	1303 S 96TH ST	1	5624200360
2012-0312	Ace Galvanizing	429 S 96th St	2	0523049008
26.3 Facility-Specific Source Control Actions				
Ace Galvanizing was inspected jointly with Ecology to address concerns with zinc entering the stormdrain system.				
27.0 RM 4.2-4.8 West (Restoration Areas)				
27.1 Business Inspections				
King County conducted a total of two business inspections during the current reporting period.				
File #	Business Name	Address	Insp #	Parcel #
2011-0568	Park Des Moines Apartments	10002 DES MOINES MEMORIAL DR S	1	5624200436
2012-0129	Sunrise Terrace Condominiums	10455 Des Moines Mem Dr. S	1	8123900000

Subject: LDW Source Control Status Report

Cynthia,

It is time once again to prepare the next LDW Source Control Status Report. The time period for this report will be January 1, 2012 – December 31, 2012. I need information on any King County inspections or source tracing activities that were completed during 2012. For inspections, I need information similar to what was provided last year in the attached table. Dan Cargill

indicated that there is probably some ongoing source tracing work, but if that work was not completed during 2012, it does not need to be included as part of this report.

Please submit the information to me on or before March 11, 2013.

Let me know if you have any questions.

Thanks.
